# PMI Risk Management Professional (PMI-RMP)<sup>SM</sup>

## Who's Managing Your Project Risk?

A project risk management professional provides expertise in the specialized area of assessing and identifying project risks, along with plans to mitigate threats and capitalize on opportunities. So why not get the recognition you deserve for performing this specialized role?

### Are you eligible to apply?

To be eligible to take the examination, you must have the following education and experience:

- Three to five years of project risk management experience
- With a bachelor's degree or global equivalent:
  - 30 contact hours of formal education (must be in project risk management)
  - Within the past five years, a minimum of 3,000 hours of experience in project risk management

### OR

- With a high school diploma or global equivalent:
  - 40 contact hours of formal education (must be in project risk management)
  - Within the past five years, a minimum of 4,500 hours of unique, non-overlapping experience in project risk management

Need to take a class on project risk management to fulfill your education requirement? Go to [PMI.org](http://PMI.org) to see a listing of local Registered Education Providers (R.E.P.s) that offer educational courses near you.
